INSTALLATION INSTRUCTIONS

Your new SHURflo Marine Grade Faucet Accessory will give you years of trouble-free performance. Thank you for choosing SHURflo Marine Grade Faucets. Please read these instructions carefully before installing your new faucet accessory. If you have any additional questions about the installation of this faucet accessory, please feel free to contact one of our friendly customer service representatives at 1-800-854-3218.

- 1) Simply screw any sprayer with standard 1/2" male connector into the female fitting, using the supplied rubber washer. Attach any hose with standard 1/2" female fitting to the male fitting.
- 2) To set to "stand-by" push the stand-by button on one side. Push the button on the opposite side of the to allow water to flow.

NOTE: "STAND-BY" WILL ALLOW A SMALL AMOUNT OF WATER TO CONTINUE TO TRICKLE OUT THE SPRAYER.

PROPER FINISH CARE:

Your new faucet accessory is protected by a clear-coat. To clean it, you only need to wipe it with a damp, soft cloth. **NEVER** use any abrasive cleaners, steel wool, or chemicals, as they will harm the finish and void your warranty. If the faucet will be installed in a salt-air environment (boat exterior), regular cleaning with gentle soap and carnauba wax will prolong the life of the finish.
