### **Towel Ring / Robe Hook / Cup Holder / Soap Dish / Toilet Paper Holder**

- 1) Hold item on the wall where desired. With a pencil, lightly trace a circle completely around the base of the item. Remove the item. Hold a mounting bracket directly in the center of the outline (see figure 1). Trace a circle around the mounting bracket and the two mounting screw holes.
- 2) Mount the bracket as shown (see figure 2). For mounting into wood, fiberglass, or other solid surface, drill a 1/8" starter hole and attach the bracket to the wall.
- 3) Secure the item to the bracket (see figure 3) with the set screw pointing down. Tighten the set screw.

### **24" Towel Bar**

- 1) Hold one of the posts on the wall where desired. With a pencil, lightly trace a circle completely around the base of the post. Remove the post. Hold a mounting bracket directly in the center of the outline (see figure 1). Trace a circle around the mounting bracket and the two mounting screw holes.
- 2) Mount the bracket as shown (see figure 2). For mounting into wood, fiberglass, or other solid surface, drill a 1/8" starter hole and attach the bracket to the wall.

You can enjoy the entire Nautilus  
family throughout your boat!**

**PROPER FINISH CARE:**

Your new accessory suite is protected by a clear-coat. To clean it, you only need to wipe it with a damp, soft cloth. **NEVER** use any abrasive cleaners, steel wool, or chemicals, as they will harm the finish and void your warranty. If the accessory suite will be installed in a salt-air environment (boat exterior), regular cleaning with gentle soap and carnauba wax will prolong the life of the finish.
