

GERBER®

FULL LINE PRICING GUIDE

About Gerber®

Gerber® Plumbing Fixtures was founded in 1932 by Max Gerber, a Polish immigrant, who established our company on a foundation of forming genuine relationships and a steadfast dedication to service and quality. Today, that spirit lives on as each team member in the Gerber family delivers on our commitment to providing dependability reflected in both our products and customer care throughout North America.

Gerber manufactures tried and true, high-quality kitchen and bathroom plumbing products. We earn the trust of trade professionals and homeowners alike who find value in products that have both style and substance - performing without exception for years to come, all while being surprisingly affordable.

Gerber's comprehensive offering of plumbing solutions is created with the entire experience in mind, from easy installation to reliable everyday use, and is supported by Gerber's industry-leading warranties. As a partner in the U.S. EPA WaterSense® Program, Gerber is committed to protecting the environment through resource conservation, and creating high-efficiency and eco-friendly products.

Why Choose Gerber?

SET IT AND FORGET IT

Our products are engineered to provide years of enduring performance, trust and reliability.

REALIZE YOUR VISION

We deliver inspired designs backed by quality craftsmanship, no sacrifices necessary. Count on us to check all the boxes for needs, style and budget.

EXPECT UNCOMPLICATED

We are dedicated to making things simple yet impactful every step of the way, from product features and design, installation, support, and beyond.

GERBER®

Danze® by Gerber Brand Integration

As we humbly look back on our journey, and embrace the evolution of our company, we also have our eyes on the horizon and are invigorated by our plans for the future. Gerber® strives for continuous improvement, always looking for ways to become better.

Reliable engineering and performance are the foundation of how we create our products.

But when reflecting, we realized that we have untapped potential.

Danze by Gerber products have told their story through inspired designs and attainable expression of style for over 20 years.

And, for nearly a century, the Gerber brand has built a heritage of trust based on the endurance of our products and our relationship with industry professionals.

We owe it to those we serve to build upon our strengths and push ourselves.

That's why we have made the exciting decision to migrate all Danze by Gerber products under the Gerber brand.

The refreshed and elevated approach paves the way for a unified, simplified, and fortified Gerber brand.

UNIFIED:

The transition of existing Danze by Gerber products under the Gerber umbrella is being executed as a running change and will be mostly complete by the end of 2021. Additionally, all new products will be launched exclusively featuring the Gerber brand.

SIMPLIFIED:

Our single brand is an improved representation of our cohesive offering of kitchen and bath solutions, and provides an easier, more streamlined experience for our customers.

FORTIFIED:

Taking the best of both Gerber and Danze by Gerber creates a stronger structure to help bring our values to life, and deliver what is expected of the Gerber name.

All of us at Gerber are wholeheartedly thrilled about what lies ahead in our adventure. We are so grateful for everyone along for the ride, supporting the changes our brand is going through. However, what will never change is the source of our motivation and inspiration: our extended Gerber family, anyone and everyone who depends on Gerber to deliver tried and true, high-quality kitchen and bathroom plumbing products always supported by dedicated care and service.

US: 1-866-538-5536

Canada: 1-866-884-8841

WARRANTY PARTS/TECHNICAL SUPPORT

For technical support on product installation, troubleshooting, or parts-related inquiries, call toll-free Monday through Friday 8:00 a.m. - 8:00 p.m. or Saturday 9:00 a.m. - 6:00 p.m. (Eastern Time). To order a warranty part, please submit your purchase order via fax 1-866-907-8003 or by email support@globeunion.com.

US: 1-888-648-6466

Canada: 1-800-487-8372

ORDER ENTRY

To place an order directly with the manufacturer, please submit your purchase order via fax 1-630-679-1430 or by email gerber.orders@globeunion.com.

RETURN POLICY

Non-Stock (Made-to-Order or Custom) items are non-cancellable, non-refundable, and may experience extended lead time.

There will be a minimum 25% restocking charge for authorized returns of brass fittings, a minimum of 35% restocking charge for authorized returns of fixtures. Freight cost for return of good material is the responsibility of the customer.

Should you find your product to be damaged or defective, or find errors or shortages upon arrival of your order, you must submit a claim to Gerber. in writing within 14 days after such arrival.

Please submit your claims to gerber.returns@globeunion.com

ICONOGRAPHY

NEW

New product

Pressure Manifold™ Technology — Unique interior design that channels water to each nozzle for maximum performance.

Dual Valve™ Technology — Structural design that optimizes water flow for multi-function showerheads.

Air Injection™ Technology— Air is added to the water stream to increase the water pressure and improve overall feel of the shower experience.

Meets the requirements of the Americans with Disabilities Act. Products designated with this symbol do not require grasping and are operable with less than 5 lbs. of force.

Indicates products are WaterSense® certified. Bathroom sink faucets and shower products are certified to the high efficiency criteria established by the EPA. More information: epa.gov/watersense

High Efficiency Toilet. Uses 1.28 gallons of water or less per flush.

Lead Free refers to <0.25% as certified by IAPMO in relation to wetted surface of pipe, fittings and fixtures in systems delivering water for human consumption. Gerber bathroom sink, bar, and kitchen faucets comply with Section 1417 (a)(1) of Drinking Water Act as certified by IAPMO.

Product must meet the following requirements: WaterSense® certified, an effective flush volume of no more than 1.1 gallons, and a MaP® flush performance score of at least 600 grams.

Gerber QuietClean™ flush system delivers quiet operation and a spotless, sparkling bowl after each flush due to unique rim jet design.

BRUSHED BRONZE FINISH

Classic Hues Meet Modern Style

The new Brushed Bronze plays equally well with both traditional and modern décor. It is fabricated using the highest-quality physical vapor deposition (PVD) process, which helps achieve a long-lasting, beautiful finish, and years of durability. Experience the warm, contemporary flair of Brushed Bronze in the Parma® collection and the all-new Kinzie™ collection, including commercially inspired pre-rinse kitchen faucets, wall-mounted pot fillers, and coordinating accessories. Shipping Fall 2020.

KINZIE™

Introducing Kinzie™

This collection draws inspiration from industrial-era plumbing forms with a touch of modern style, and is available in beautiful finish options including Chrome, Satin Black, Stainless Steel, and the all-new Brushed Bronze. The collection spans many product options for a complete look including, pre-rinse, pull-down, and pull-down prep faucets, as well as a wall-mounted pot filler. Kinzie brings a sense of urban loft living to any kitchen. Shipping Fall 2020.

PARMA® BRIDGE

Bridging the Style Gap

An addition to one of Gerber's most popular collections, the Parma® two-handle bridge faucet offers a solution for the modern kitchen with traditional bridge faucet form. This transitional faucet is available in Chrome, Stainless Steel, Satin Black, and the all-new Brushed Bronze.

NEW BATH PRODUCTS

2020

Inspired by Nature

Gerber's all-new Lemora™ collection is the ideal blend of clean lines, with subtle arcs and edges, drawing from forms found in nature. A fully skirted concealed trapway on the collection's high-efficiency, high-performance toilets provides a sleek appearance. Lemora also includes bathroom sink faucets, and tub and shower items, creating a simply serene and soft contemporary space.

LEMORA™ COLLECTION

FLOOR MOUNT TUB FILLERS

Tub Fillers Fit for Any Taste

Gerber introduces floor mount tub fillers in three styles including Round, Square Contemporary, and Traditional, which complement a wide range of bathroom designs and all Gerber bath collections. The tub fillers provide the perfect spa-like experience, featuring an integral diverter to easily switch between spout flow and handshower. All styles are available in four finishes including Chrome, Brushed Nickel, Satin Black, and the new Brushed Bronze. Shipping Fall 2020.

VIPER® 0.8GPF

Ultra-High Efficiency & Set-It-and-Forget-It Reliability

A favorite of plumbers and installers, Gerber has added to the Viper® lineup to now include a 0.8 gpf model. Featuring a chrome-plated top flush actuator, this toilet utilizes the highly rated Viper trapway design and best-in-class Fluidmaster® 400A fill valve. MaP® Premium-certified, this product easily exceeds all WaterSense® performance requirements, while saving 33% more water over regular high efficiency toilets, and a whopping 50% over the national standard 1.6 gpf.

WICKER PARK™ TWO-PIECE

One-Piece Look at a Two-Piece Price Point

The Wicker Park™ collection exudes a simplistic contemporary, yet eye-catching design. This line now includes a two-piece toilet with a highly desirable concealed trapway. The fully skirted style not only looks clean, but is easy to clean. A custom-fitted, slow-closing seat, and a side-mounted, Chrome-plated, and all-metal tank lever are standard on this ADA ErgoHeight™, WaterSense®-certified, high-efficiency toilet.

A Finish to Set the Scene

Our new Brushed Bronze finish can provide a full room look in either our Parma® or Vaughn® bath collections, including coordinating shower solutions and bath accessories. Imagine Brushed Bronze as part of a stand-out space with bold colors and patterns, or paired with understated neutrals so it really shines. Shipping Fall 2020.

COMMERCIAL

Commercial applications demand the highest quality products, and most consistent and reliable performance. Gerber commercial products offer solutions for schools, high-rise buildings, commercial buildings, assisted living facilities, hospitals, and more.

ULTRA FLUSH® pressure-assisted toilets, found on pages 77-86.

- The Ultimate Flushing Machine
- Maximum bowl clearing
- Ideal for heavy-use applications
- Wide array of pressure-assisted models available
- Large footprint ideal for any installation

PEEWEE™ children's toilet, found on page 87.

Please view pages 23-25, 29-30, 161-164 for commercial faucet options.

*Ultra Flush® 1.6" gpf 14" Rough-In
Two-Piece Elongated ErgoHeight™ Toilet (G0020324)*

PeeWee™ 1.28" gpf Children's Toilet (GHE20601)

Gerber offers a wide selection of back outlets with some of the highest MaP® scores in the industry. Perfect for various applications, the gravity back outlet solutions out-perform other products in the category and are much quieter than their pressure-assisted counterparts. PowerClean™ technology.

*Maxwell® 1.28" gpf Compact Elongated, Wall Hung,
Back Outlet*

SHOWER SOLUTIONS

A customized shower experience is closer than you think. By combining the following components, you can create a two-outlet shower solution.

Built on the Gerber Treysta® platform, each solution is thoughtfully designed to deliver strong, consistent performance. Our tub and shower trim and handshower solutions allow you to create a beautiful and tranquil space with two outlets to maximize the power of your shower.

INTEGRATED DIVERTER ON VALVE

The first solution, **integrated diverter on valve**, uses a Treysta® valve with a diverter built into the valve body. The solution is intended to work with tub and shower trim, as well as two-outlet solutions such as a showerhead and handshower. The diverter directs the flow of water, and has two positions to shut off one outlet and turn on another.

Slidebar assembly kit

INDEPENDENT DIVERTER CONTROL

The second solution, **independent diverter valve**, uses a diverter control separate from the main valve. Our tub and shower trim and handshower solutions allow you to create a beautiful and tranquil space you can escape to, with two outlets to maximize the power of your shower.

TREYSTA[®] VALVE

WORK SMARTER. NOT HARDER.

Engineered with the experts in mind, the Treysta[®] tub and shower valve is Gerber's most innovative valve yet. Powered by more than 85 years of Gerber performance, Treysta provides flexibility based on the specific requirements of each installation. From the intuitive open and close stops for easy maintenance, to easy installation and pressure-testing features, Treysta saves both time and money.

G00G2525S

FEATURES AND BENEFITS

- **Revolutionary Vertical Inlets** – Treysta's vertical inlets allow for maximum flexibility in the wall, and can install next to a stud in PEX applications without requiring re-framing
- **Easy Pressure Testing Capability** – Treysta features an innovative pressure test cap to make the process of air and water pressure testing easier to complete
- **Easy Installation and Access** – With an easy-access mounting system and integrated depth indexing features on the plaster guard, Treysta is engineered to install smoothly and quickly
- **Flexible and Adaptable for Different Environments** – Treysta has a solution for “with” and “without” stops, and accommodates back-to-back installations and reversed hot and cold inlets, as well as IPS / sweat, Crimp PEX and Cold Expansion PEX
- **Secure and Level Mounting** – The body of the valve features integrated mounting holes for a firm and secure hold, and the flat plane of the plaster guard allows it to install level with the wall
- **Innovative Common Platform** – Treysta uses a common platform of pressure balance cartridge for all configurations, meaning that a single cartridge fits in all valve bodies

VALVES

Integral mounting holes for fast, secure mounting

Quarter turn stops easily open and close using a flat head screwdriver

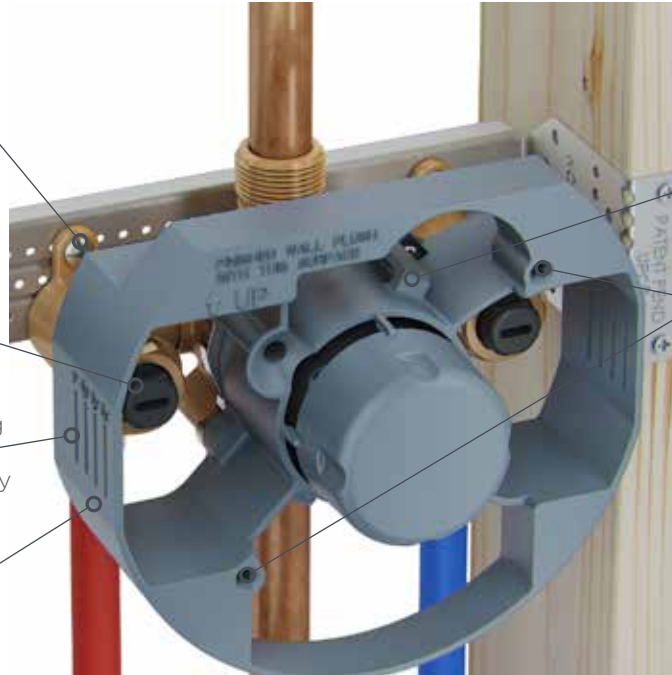

Stops secured with durable, threaded brass nut easily secured with standard socket

Finished wall depth indicators in 1/4" increments for easy depth indexing

Top and side surfaces are flat to simplify tile cutting and help ensure level installation

Plaster guard features a no-tool clip design for fast removal while providing a secure hold

Two attachment points for thin-wall installations

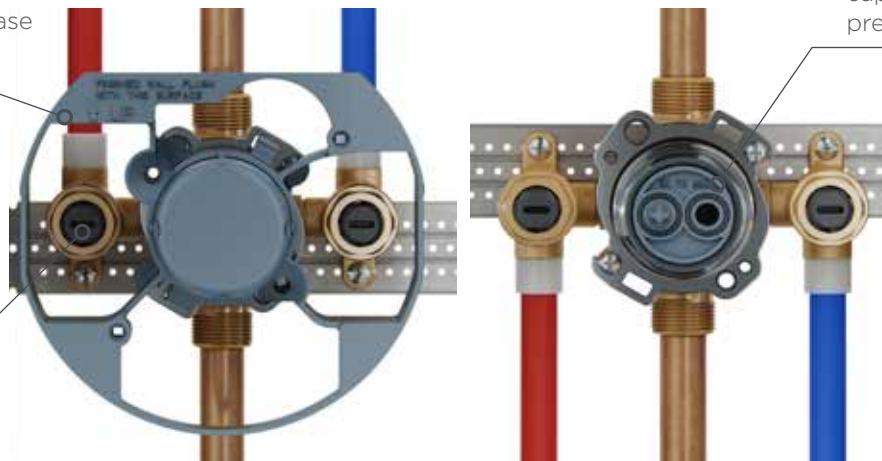

Unique shaped plaster guard protects body, provides surface to use level and ease of tile work

Valve body can be rotated 180 degrees for top-down installations with a few simple steps

Requires rotation of retention plate and plaster guard

Includes pressure test cap for air or water pressure testing

The innovative test plug can test mixed pressure, or isolate an inlet to test pressure or for system cross flow
