## About Gerber®

Gerber Plumbing Fixtures was founded in 1932 by Max Gerber, a Polish immigrant, who established our company on a foundation of forming genuine relationships and a steadfast dedication to service and quality. Today, that spirit lives on, as each team member in the Gerber family delivers on our commitment to providing dependability — reflected in both our products and customer care throughout North America.

Gerber manufactures tried and true, high-quality kitchen and bathroom plumbing products. We earn the trust of trade professionals and homeowners alike who find value in products that have both style and substance — performing without exception for years, all while being surprisingly affordable.

Gerber's comprehensive offering of plumbing solutions is created with the entire experience in mind, from easy installation to reliable everyday use, and is supported by Gerber's industry-leading warranties. As a partner in the U.S. EPA WaterSense® Program, Gerber is committed to protecting the environment through resource conservation, and creating high-efficiency and eco-friendly products.

## Why Choose Gerber?

### **SET IT AND FORGET IT™**

Our products are engineered to provide years of enduring performance, trust, and reliability.

### **REALIZE YOUR VISION**

We deliver inspired designs backed by quality craftsmanship; no sacrifices necessary. Count on us to check all the boxes for needs, style, and budget.

### **EXPECT UNCOMPLICATED**

We are dedicated to making things simple, yet impactful, every step of the way, from product features and design to installation, support, and beyond.

## WARRANTY PARTS/TECHNICAL SUPPORT

For technical support on product installation, troubleshooting, or parts-related inquiries, call toll-free Monday through Friday 8:00 a.m. - 8:00 p.m. or Saturday 9:00 a.m. - 6:00 p.m. (Eastern Time). To order a warranty part, please submit your purchase order by email to [support@globeunion.com](mailto:support@globeunion.com).

**US: 1-888-648-6466**  
**Canada: 1-800-487-8372**

## ORDER ENTRY

To place an order directly with Gerber, please submit your purchase order by email to [gerber.orders@globeunion.com](mailto:gerber.orders@globeunion.com).

## RETURN POLICY

Non-Stock (Made-to-Order or Custom) items are non-cancellable, non-refundable, and may experience extended lead time.

There will be a minimum 25% restocking charge for authorized returns of brass fittings and a minimum 35% restocking charge for authorized returns of fixtures. Freight cost for return of material is the responsibility of the customer.

Should you find your product to be damaged or defective, or find errors or shortages upon arrival of your order, you must submit a claim to Gerber in writing within 14 days after such arrival.

Please submit your claims to [gerber.returns@globeunion.com](mailto:gerber.returns@globeunion.com)

## PRODUCT CARE

For years of lasting beauty, treat the finish as a delicate surface. For routine cleaning, use a soft cloth and water. A mild soap can be used to clean stubborn spots. Do not use cleaners or cleaning pads with abrasives since the abrasive materials may scratch the surface permanently. Avoid chemical cleaners, including those with ammonia. Chemicals can attack the protective clear coating present on many of our special-finish faucets. Use of such chemicals may void the warranty.

## ICONOGRAPHY

**NEW**

New product.

Pressure Manifold™ Technology — Unique interior design that channels water to each nozzle for maximum performance.

Dual Valve™ Technology — Structural design that optimizes water flow for multi-function showerheads.

Meets the requirements of the Americans with Disabilities Act. Products designated with this symbol do not require grasping and are operable with less than 5 lbs. of force.

Indicates products are WaterSense® certified. Bathroom faucets and shower products are certified to the high efficiency criteria established by the EPA. For more info, visit: [epa.gov/watersense](https://epa.gov/watersense)

Indicates a High Efficiency Toilet that uses 1.28 gallons of water or less per flush.

Product must meet the following requirements: WaterSense® certified, an effective flush volume of no more than 1.1 gallons, and a MaP® flush performance score of at least 600 grams.

Gerber QuietClean® flush system delivers quiet operation and a spotless, sparkling bowl after each flush due to an exclusive, proprietary rim jet design.

SnapBack® technology works with the Grip Lock® weight to smoothly draw pull-down sprayhead back into place.

Gerber's KeepClean® bonded surface glaze creates a super slick surface that keeps residue and bacteria from adhering to the inner bowl for a stain-free, longer-lasting clean.

# COMMERCIAL

Commercial applications demand the highest quality products with the most consistent and reliable performance. Gerber® commercial products offer solutions for schools, high-rise buildings, commercial buildings, assisted living facilities, hospitals, and more.

THE ULTIMATE FLUSHING MACHINE, ULTRA FLUSH® PRESSURE-ASSIST TOILETS CAN BE FOUND ON PAGES 67-74.

- Maximum bowl clearing
- Ideal for heavy-use applications
- Wide array of models available
- Large footprint ideal for any installation

PeeWee children's toilet toilets can be found on page 74.

Gerber offers a wide selection of back outlet toilets with some of the highest MaP scores in the industry. Perfect for various applications, the gravity-fed, back outlet solutions outperform other products in the category and are much quieter than their pressure-assisted counterparts.

*Ultra Flush® 1.0 gpf 12" Rough-In Two-Piece Elongated ErgoHeight™ Toilet (GUL20318)*

*PeeWee 1.28 gpf Children's toilet (GHE20601)*

# TREYSTA® VALVE

WORK SMARTER.  
NOT HARDER.

Engineered with plumbing experts in mind, the Treysta tub and shower valve is Gerber's most innovative valve yet. Treysta provides flexibility based on the specific requirements of each installation. From the intuitive open and close stops for simplified maintenance, to easy installation and pressure-testing features, Treysta saves both time and money.

## FEATURES AND BENEFITS

- **Revolutionary Vertical Inlets** – Treysta's vertical inlets allow for maximum flexibility in the wall, and can install next to a stud in PEX applications without requiring reframing
- **Easy Pressure Testing Capability** – Treysta features an innovative pressure test cap to make the process of air and water pressure testing easier to complete
- **Easy Installation and Access** – With an easy-access mounting system and integrated depth indexing features on the plaster guard, Treysta is engineered to install smoothly and quickly
- **Flexible and Adaptable for Different Environments** – Treysta has a solution for “with” and “without” stops, accommodates back-to-back installations, reversed hot and cold inlets, as well as IPS/sweat, Crimp PEX, and Cold Expansion PEX
- **Secure and Level Mounting** – The body of the valve features integrated mounting holes for a firm and secure hold — while the flat plane of the plaster guard helps ensure Treysta installs level with the wall
- **Innovative Common Platform** – Treysta uses a single, pressure-balance cartridge platform for all configurations allowing the Treysta cartridge to fit all of Gerber's tub & shower trim kits

# VALVES

Integral mounting holes for fast, secure mounting

Quarter turn stops easily open and close using a flat head screwdriver

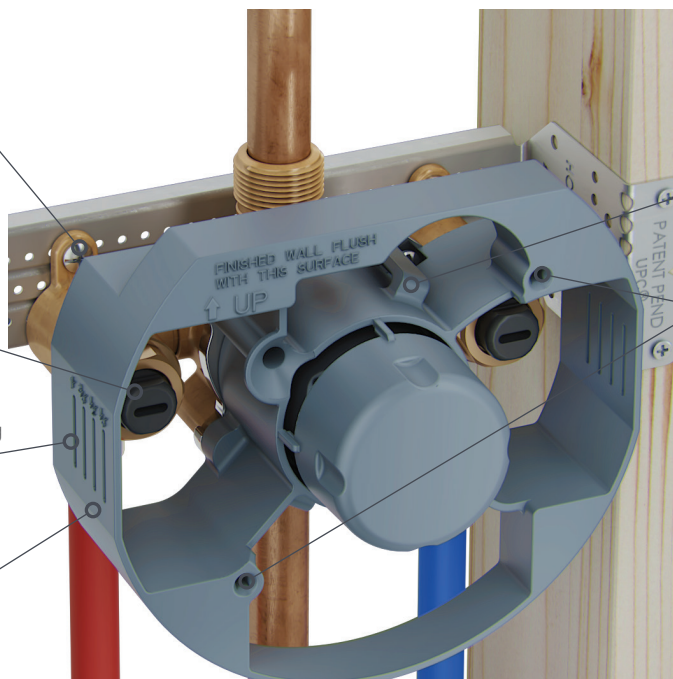

Stops fitted with durable, threaded brass nuts that are easily turned with a standard flat-head screwdriver

Finished wall depth indicators in 1/4" increments for easy depth indexing

Top and side surfaces are flat to simplify tile cutting and help ensure level installation

Plaster guard features a no-tool clip design for fast removal while providing a secure hold

Two attachment points for thin-wall installations

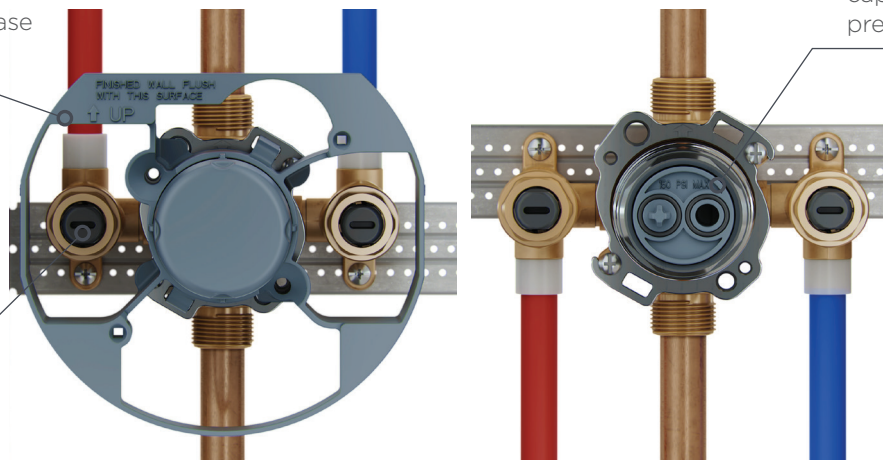

Unique shaped plaster guard protects body, provides surface to use level and ease of tile work

Valve body can be rotated 180 degrees for top-down installations with a few simple steps

Requires rotation of retention plate and plaster guard

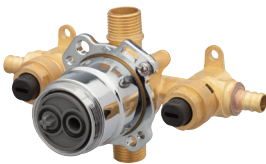

Includes pressure test cap for air or water pressure testing

The innovative test plug can test mixed pressure, isolate an inlet to test pressure, or for system cross flow
