Slide Bar Shower (Elite)

Chrome

1) Hold elbow on the wall where desired. Make sure to leave enough room for the hose to hang freely and extend into the shower. Drill 1" hole in the bulkhead in the desired location.

2) Make sure male nipple is tight into the elbow with Teflon (Plumber's) tape. Slip nipple through the hole in the bulkhead. Make sure gasket properly lines up with the back of the elbow. From the back side of the bulkhead, thread the lock nut onto the brass nipple and tighten.

3) Connect water supply line (not provided) to the nipple. Wrap the end of the nipple with Teflon (Plumber's) tape. Follow the appropriate steps depending on your water supply line. If you have a pre-assembled water supply hose with a threaded connector, simply screw on supply hose. If you have a plastic water line with a formed end, water line will seat partially up into the brass nipple. Connect by tightening the coupling nut. We do NOT suggest using sweat fittings as they are prone to blow-outs.

4) Hold the bottom post on the wall where desired. With a pencil, lightly trace a circle completely around the base of the post. Remove the post. Hold a mounting bracket directly in the center of the outline. Trace a circle around the mounting bracket and the two mounting screw holes.

5) Mount the bracket as shown. For mounting into fiberglass or other solid surface, drill a 1/8" starter hole and attach the bracket to the wall.

6) Secure the post to the bracket with the set screw pointing away from the bar. Tighten the set screw.

7) For the top post, simply set the bar into the bottom post and hold the top post at the correct spot. NOTE: Mount the top post "in" tightly so that there is no up and down movement of the bar. USE A BUBBLE LEVEL TO INSURE THAT THE BAR IS STRAIGHT.

Trace a circle around the top post and mount (repeat steps 4-6).

8) Attach hose to the connector. Turn the water supply on. While water is running, check all connections for leaks. Connections may need re-tightening.

9) To adjust the height of the holder rotate the knob 1/4 turn to unlock, adjust to desired location and re-lock. You can also tilt the holder by rotating its head.

**CAUTION: THIS IS NOT A SAFETY DEVICE.
DO NOT USE AS A GRAB BAR.**

Parts

- 1) Mounting Bracket (x2)
- 2) Mounting Screw (x4)
- 3) Set Screw (x2)
- 4) Top Post

- 11) Washer
- 12) 6' Chrome Rubber Hose
- 13) Washer
- 14) 90° Bulkhead Elbow with Nipple
- 15) Lock Nut

PROPER FINISH CARE

Your new faucet or accessory is protected by a clear-coat. To clean it, you only need to wipe it with a damp, soft cloth. NEVER use any abrasive cleaners, steel wool, or chemicals (including alcohol or ammonia), as they will harm the finish and void your warranty. If the item will be installed in a salt-air environment (boat exterior), regular cleaning with gentle soap and carnauba wax will prolong the life of the finish.

Ambassador Marine reserves the right to update specifications, change prices, or make substitutions without notice.

LIMITED WARRANTY

Ambassador Marine faucets and accessories are guaranteed to be free from material and workmanship defects under normal use and service for a period of five (5) years from the date of purchase. This warranty will not apply to faucets or accessories that were improperly installed, misapplied, or incompatible with components not manufactured by Ambassador. Faucet failures due to foreign debris is not covered under the terms of this limited warranty. Ambassador will not warrant any faucet or accessory that is physically damaged, or altered outside the Ambassador factory.

Returns are to be shipped postage prepaid to Ambassador Marine's service center at: 1173 Calle Suerte, Camarillo, CA 93012.

A Return Authorization Number is required and must be clearly visible on the the shipping carton.

Absolutely no credit or payment will be allowed for consumers on any item deemed defective. Ambassador Marine's obligation is limited to the repair or replacement of the defective item only, at Ambassador Marine's sole discretion. All returns will be examined and/or tested under Ambassador Marine test criteria. Replacements will be shipped freight prepaid.

This limited warranty is in lieu of all other warranties, expressed or implied, and no other person is authorized to give any other warranty or assume obligation or liability on Ambassador Marine's behalf. Ambassador Marine shall not be liable for any labor, damages, or other expenses, nor shall Ambassador Marine be liable for any indirect, incidental or consequential damages of any kind incurred by the use or sale of any defective product.

This limited warranty covers Marine Products sold or distributed in the United States and Canada only. Customers who purchase Ambassador Marine products sold by distributors in other countries must consult their local distributors for their warranty policy. This warranty is only a representation of the complete Ambassador Marine warranty outlined on the Ambassador Marine website and/or catalog.
