

INSTALLATION INSTRUCTIONS

Thank you for choosing Ambassador Marine.

Your new Ambassador Marine faucet, sprayer, shower or accessory will give you years of trouble-free performance. Please read these instructions carefully before installing your new item. If you have any additional questions about the installation of this product, please feel free to contact one of our friendly customer service representatives at 800.270.4262.

PROPER FINISH CARE

Your new faucet or accessory is protected by a clear-coat. To clean it, you only need to wipe it with a damp, soft cloth. NEVER use any abrasive cleaners, steel wool, or chemicals (including alcohol or ammonia), as they will harm the finish and void your warranty. If the item will be installed in a salt-air environment (boat exterior), regular cleaning with gentle soap and carnauba wax will prolong the life of the finish.

- 1) Set the flange with the foam gasket and screw in the drain hole in the sink. NOTE: The foam gasket is supplied for your convenience, however, we recommend using plumber's putty (not included) instead of the foam gasket. Do not use both the foam gasket and plumber's putty.
- 2) From under the sink, line up the drain body and the raiser with the thick rubber gasket inside with the flange and screw.
- 3) From above the sink, tighten the screw into the metal receiver inside the body.
- 4) Remove the protective sticker from the polished surface of the Stopper.
- 5) Screw 1 1/4" drain pipe or adapter (not included) onto the body. Use Teflon tape (not included) on the threads to prevent leaks.
- 6) **OPTIONAL**- Drill a 3/16" hole in the counter-top or other surface and secure the stopper screw using the stopper nut, where desired. If you choose not to secure the stopper screw, you may remove the stopper chain (and stopper screw) from the stopper. Spread the ends of the stopper triangle connector and remove it from the stopper.

LIMITED WARRANTY

Ambassador Marine faucets and accessories are guaranteed to be free from material and workmanship defects under normal use and service for a period of five (5) years from the date of purchase.
